

MAJOR MAINTENANCE ADVICE FOR 2017

Under clause 3.2 of the Access Holder Agreement (**AHA**), ARTC is required to provide the following information before 30 September of each Contract Year, in respect of the following Contract Year:

- Annual maintenance assumptions;
- Maintenance Months (i.e. those months in which major network possessions are planned to occur);
- Maintenance Losses (i.e. the coal train path usage losses resulting from the major network possessions); and
- Any known Availability Exceptions.

ARTC’s maintenance assumptions for 2017 are that there will be a series of major maintenance possessions on the network across all Pricing Zones, each of 3 to 5 continuous days in the months listed in the table below¹:

The table below lists the nominated Maintenance Months and aggregate number of path usages lost in each Pricing Zone per month as a result of major network possessions relative to overall Network Path Capability (**NPC**).

There are no known Availability Exceptions for the period covered in the table at this time.
