

MUSWELLBROOK BRIDGES REPLACEMENT

OUTSIDE OF NORMAL HOURS CONSTRUCTION WORK

COMMUNITY NOTICE

April 2021

ARTC

6:30am Tuesday 27 April to 6:00pm Friday 30 April

Please note: construction will continue during standard construction hours outside of this period

The Australian Rail Track Corporation (ARTC) is replacing three rail bridges, being the Hunter River Bridge, Muscle Creek Bridge and Bridge Street Bridge over the New England Highway, with new bridges within and next to the rail corridor, in Muswellbrook, NSW. Work commenced onsite in June 2020 and we expect the project to be completed in 2022.

What are we doing in April?

We will work both **day and night** during the planned works period to reduce the length of disruption to the community and the rail network.

We will continue construction of the bridge foundations for the new bridge over Bridge Street in our upcoming planned works period.

Piling works (loud repeated banging) are also scheduled during this planned works period. This work will be restricted to Normal Construction Hours.

No major traffic changes are planned during the planned works period.

What's new?

The casting yard is now starting to take shape for the new Muscle Creek and Hunter River bridge. When complete the casting yard will be used to construct the new bridge deck. Casting yard works are currently scheduled for completion at the end of April 2021.

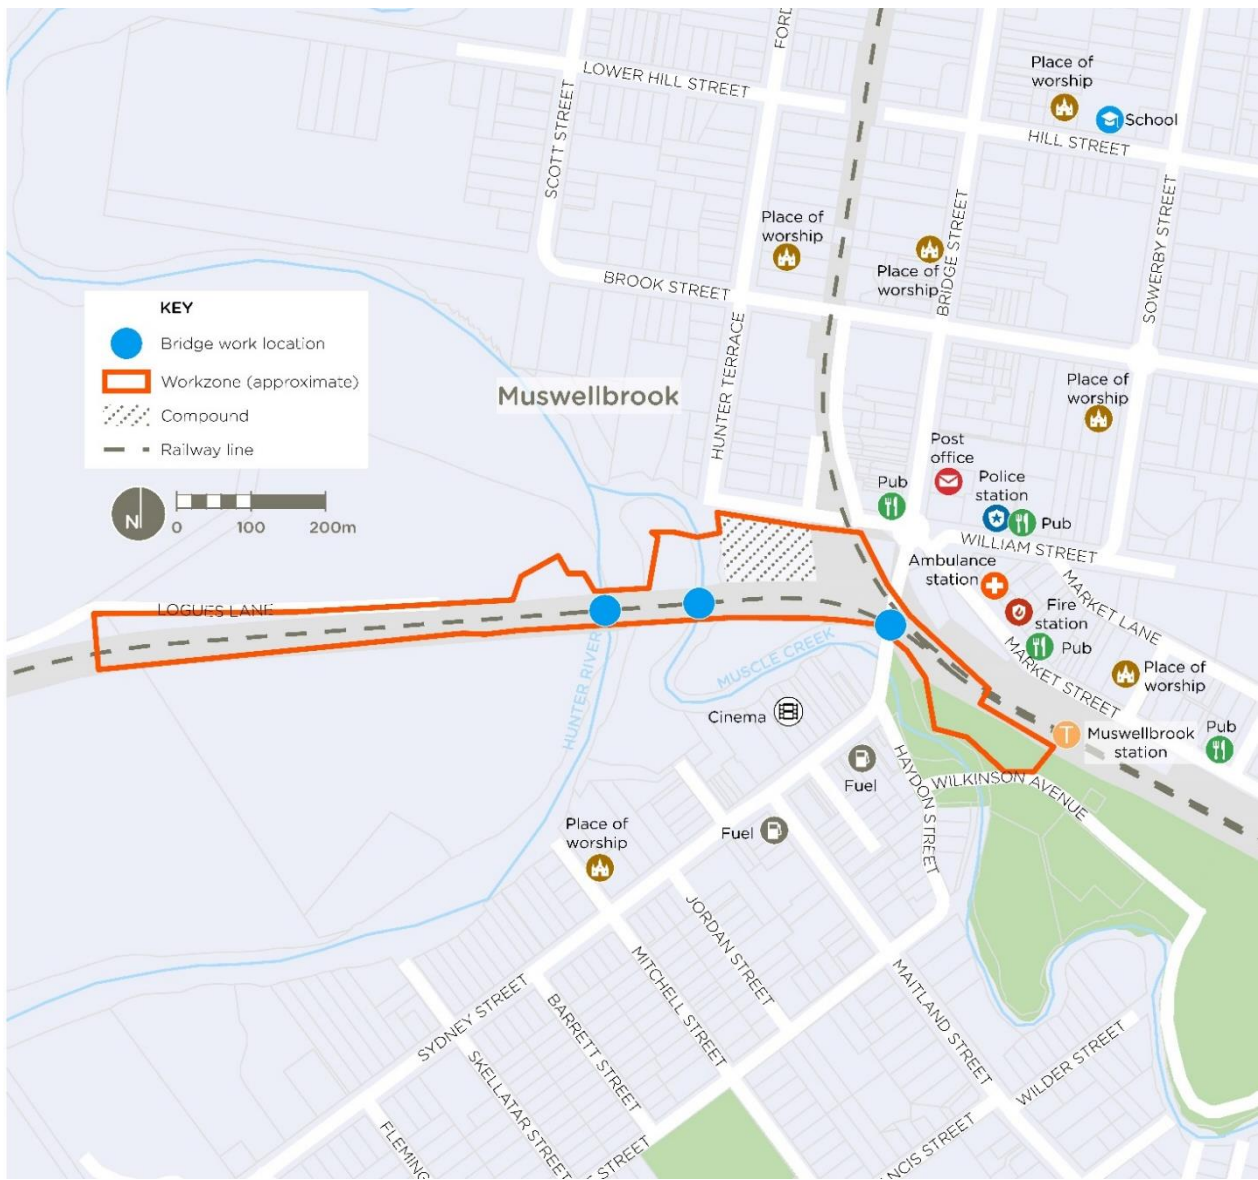

What you can expect

The work will involve different types of equipment which will generate noise. At times, the work may be loud and possibly disruptive, particularly during the night. We will be implementing measures to minimise noise across the site during the work.

Lighting towers will be used to continue the works safely at night and will be faced away from residences and Bridge Street.

Photo: casting yard

Normal construction hours and upcoming work

Our normal construction hours will continue from Saturday 1 May.

7.00AM TO 6.00PM - MONDAY TO FRIDAY

8.00AM TO 1.00PM - SATURDAY

What else are we doing?

In addition to this project work, ARTC will also be undertaking other maintenance works across the Hunter Valley network during the April planned works period. The maintenance work we do helps to minimise disruptions to passenger services and maintain a safe and reliable rail network.

If you would like more detailed information about our maintenance and improvement work please contact our Enviroline or visit www.artc.com.au/community/track-work

The information provided is correct at the time of publishing but is subject to change due to unplanned or unexpected events such as operational changes or heavy rain.

WANT TO KNOW MORE?

ARTC is committed to working with landowners, communities, state and local governments as a vital part of our planning and consultation work, and we value your input. If you have any questions or comments, please let us know.
