

**TITLE/SUBJECT:**

Personal Protective Equipment (PPE) Procedure

Type: Document Release

PURPOSE

The purpose of this Bulletin is to inform ARTC employees and contractors about the updated [WHS-PR-009 Personal Protective Equipment Procedure](#).

The update is a result of ARTC's commitment to continuously improve safety standards and reflects feedback from our people and stakeholders to provide clear guidance on PPE requirements and usage.

OTHERS

Key updates include:

- Clarified responsibilities.
- Enhanced guidance on PPE specification (e.g. hard hat, bump caps), requirements, maintenance and usage.
- Clarified PPE requirements for work locations and activities.
- Introduced a Glove Selection Matrix.

[PPE Matrix](#) and [Glove Selection Matrix](#) posters are available for download.

ACTION REQUIRED

Relevant employees and contractors should be briefed. Contact your Safety Advisors if you have any queries.

The Personal Protective Equipment Procedure is effective from the date of publication. It can be accessed via [CONNECT](#) and our Safety Management System ([SMS](#)).

Approved by: Cath Bowlzer, GM Safety Systems, Risk and Assurance Applicability: All ARTC staff & contractors
