## Cootamundra, Yass Road Level Crossing Upgrade Works

19<sup>th</sup> August 2019

The Australian Rail Track Corporation (ARTC) would like to let you know that it will be carrying out upgrade works at the Yass Road Level Crossing in the Cootamundra area, from 31 August 2019 to 2 September 2019.

ARTC will be working hard to minimize any disruptions the work may cause and appreciates your patience during this period. The scheduled upgrade works will occur between 4am on 31 August 2019 to 4am on 2 September 2019. **Yass Road will be closed between Hovell Street, Cootamundra and Rinkin Street, Cootamundra for the duration of these works.** There will be traffic management and detours in place. Only local traffic will be allowed inside this closure area.

A detour for southbound traffic will be in place via Burley Griffin Way, Stockinbingal Road and return back to Olympic Highway.

A detour for northbound traffic will be in place via Temora Street (Stockinbingal Road), Burley Griffin Way and return back to Olympic Highway. Detour routes will be signposted. The detour routes are expected to add an additional Thirty-Five (35) minutes travel time.

The work we are undertaking to improve this section of track is an important part of our major program to upgrade the line between Melbourne and Sydney.

If you have any queries during the planned works in your area please contact ARTC's Enviroline on 1300 550 402 or email [enviroline@artc.com.au](mailto:enviroline@artc.com.au). For updated information please visit ARTC website: [artc.com.au/events](http://artc.com.au/events)

For information on changes to passenger services during this period, please contact NSW TrainLink directly.

Thank you again for your patience and understanding while these essential works are undertaken.

Yours faithfully,

Tofiq Ahmed  
Project Manager  
Interstate Network

## Detour Plan – Yass Road Level Crossing Upgrade Works
